

INFORMATION STATEMENT

VALUES IN LITTLE RED RIDING HOOD

WHAT IS IMPORTANT TO KNOW BEFORE DECIDING

Hi!

We want to explain why we are asking you to participate in this research and what we will propose you to do if you accept.

What is a research study?

Research is for discovering new things, for example, how our minds and brains work, what our behavior depends on, how we live and how we grow. Researchers work precisely to learn more about us and the environment in which we live.

Why do we propose this research study?

We want to study values and their relevance in our society. Values are what we believe in and would not want to lack in our lives, such as freedom, trust, dialogue, and respect. We want to understand what values are important to people and we want to find out through fairy tales.

Why are we asking you to participate in this research?

To develop this research, we need children who love fairy tales. Fairy tales tell us a story and communicate a message about values that is not always clear. We ask you to tell us your opinion about the values communicated by the fairy tale of Little Red Riding Hood.

What will happen if you decide to participate?

We are asking you to use an app called *Redcapp*. The app goes through the Little Red Riding Hood fairy tale, and you can decide how certain characters should behave. We will ask you to answer some questions and tell us what you think about what the characters in the fairy tale are doing. You can answer the questions according to your preferences, or you can answer them by choosing with other friends after discussing which answer best describes your ideas.

How long does it last?

We ask you to spend a few minutes on it, the time it takes to follow the fairy tale on the *Redcapp* app.

If I decide to participate and then change my mind...?

If at some point you decide you no longer want to participate in the research, just say so and you can stop at any time. Remember that if you have any questions, you can ask us anytime!

If you agree to participate in the research, click on "*I accept the terms and conditions of use of the service*" in the *Redcapp* app and start exploring the fairy tale.
